19	GENERAL OBSERVATIONS	35

Minutes of the 50th meeting of the Central Sanctioning and Monitoring Committee (CSMC) under Pradhan Mantri Awas Yojana (Urban) - Housing for All Mission held on 27th December, 2019.

The 50th meeting of the Central Sanctioning and Monitoring Committee (CSMC) under Pradhan Mantri Awas Yojana (Urban) [PMAY (U)] was held on 27th December, 2019 at 10.30a.m. in the Conference Room, Nirman Bhawan, New Delhi, with Secretary, Ministry of Housing and Urban Affairs in Chair. The list of participants is at **Annexure-I**.

2. At the outset, the Secretary, Ministry of Housing & Urban Affairs (MoHUA) welcomed the participants/representatives from the State Governments, participants/officers of the Ministry and other Departments. Following observations/directions of CSMC were made for compliance by all State/UTs Governments:

- i. Angikaar (अंगिकार), an intensive campaign in all HFA cities was launched on 29th August 2019 by the Ministry of Housing & Urban Affairs, Government of India with the purpose to converge with various urban Missions/schemes of other Ministries like Health & Family Welfare, Jal Shakti, Environment Forest & Climate Change, New & Renewable Energy, Petroleum & Natural Gas, Power etc. of the Government of India so that the beneficiaries can avail benefits of their schemes. This will facilitate PMAY (U) beneficiaries to not only get acclimatised to the new environment but also adopt best practices and lead a healthy life while maintaining common infrastructure and basic civic facilities. The progress of Need Assessment under the Angikaar campaign so far is not up to the mark in most of the States/UTs. It is, therefore, required that the States/UTs vigorously monitor and consistently follow up with ARPs to ensure that the need assessment is completed latest by 25th January, 2020 for all beneficiaries whose houses are completed and occupied or even grounded (in case of BLC) so that it culminates on the occasion of functions being organised on Republic Day i.e. 26th January, 2020. The States are also advised to document the processes and activities done under the campaign.
- ii. **The Pradhan Mantri Awas Yojana (Urban) has completed four years and State/UT Governments have shown remarkable progress in providing houses to eligible beneficiaries. Given that more than 1 crore houses have been sanctioned, the prime focus is now on execution and completion of all sanctioned projects, especially which have not been started due to any reason so that these are completed within the Mission period.**
- iii. State/UT Governments should now get their demand saturated and send proposals for their remaining demand of housing under PMAY (U) for approval of CSMC latest by **March, 2020** so that the houses sanctioned are progressively completed by 2022. A rational assessment on the actual demand of houses may also be conducted and all demand should get sanctioned in March, 2020 when the next CSMC meeting will be held.

- iv. In case of more than one beneficiary in a family, the eligible beneficiaries under BLC may be given the benefit of PMAY (U) separately and in case land area is insufficient for separate houses, vertical construction may be allowed for these beneficiaries.
- v. It has been observed that some of the projects could not be started/progressed due to various reasons such as non-availability of land, court litigations, dispute in tender in finalisation etc. As a result, Central Assistance released in such projects could not be utilized and it has become difficult for States/UTs to submit UCs. Finance Division in the Ministry is also emphasizing that without utilization certificate(s) of the fund released till March 2018, further release of funds to the States needs to be restricted in view of the directions from the MoF during budget review meetings. It has also been observed that some States has utilized funds released for a set of approved projects to other projects in view of the provision in para 14.7 of the PMAY (U) guidelines, which states that in order to provide flexibility, States/UTs are allowed to release funds on the basis of actual progress of the projects, implying that for a project being implemented faster, States/UTs can release more funds. But at the time of furnishing utilisation certificates they are facing difficulties as the fund released was for the purpose of a limited number of projects and expenditure incurred from the Central Assistance is more than the fund released for these projects. **In view of the above, CSMC has directed that States/UTs may submit all such cases where funds meant for a project has been utilized in other project(s) so that the Ministry can issue necessary adjustment orders which will enable the States/UTs to submit the UCs at the earliest. It has also been directed that the States/UTs need to submit proposals for the funds which are lying unspent due to problem in execution of projects for utilization in other ongoing projects with justification for consideration in the Ministry for issuing necessary adjustment orders.**
- vi. Submission of Utilisation Certificates in respect of Central Assistance released under PMAY(U) including funds released through Extra Budgetary Resources, (which is an interest bearing fund), is mandatory as per General Finance Rules. State/UT Governments must ensure timely submission of UCs and if, due to any specific reasons, the same is not possible, Provisional Utilisation Certificate on utilisation of funds may be furnished. For use of locked fund in any project(s), proposals for adjustment for use in other on-going projects may be sent for consideration of this Ministry.
- vii. With respect to SLTC and CLTCs, States/UTs were advised to engage qualified and efficient professionals as per the capacity building guidelines and financial norms under PMAY(U). This will help States/UTs in delivering quality output in PMAY (U) activities and monitoring. At the same time, States/UTs to ensure optimum utilization of their services and judiciously position/relocate them where progress of projects has been slow. Periodic review of their performance with respect to projects preparation, grounding, completion and occupancy etc. should be done by the competent authority.
- viii. In some States/UTs, there are large numbers of completed houses under JnNURM, which are lying unoccupied. In spite of repeated assurances given by the representatives of the State/UT Governments, these houses have not been allotted. All State/UT Governments must ensure allotment and occupancy of these completed houses by end

of January, 2020. Further, all excess Central Assistance lying with them for JnNURM projects must be refunded with interest immediately. Pending UCs under JnNURM and RAY should also be submitted without any further delay.

- ix. In order to bring more efficiency and transparency in administrating the interest subsidy claim processes under CLSS, the Ministry has developed a web-based 'CLSS Awas Portal (CLAP)' with the following features:
 - a. Web-based real time Aadhaar verification.
 - b. De-duplication of beneficiares with other three verticals of PMAY(U).
 - c. Intimation of progress of application to the beneficiares through SMS at all stage;
 - d. CLSS tracker to enable applicants to track their application status; and
 - e. Disposal of cases in queue instead of bunching to avoid delay.
- x. All States/UTs to ensure Geo-tagging of all BLC, AHP & ISSR projects through the upgraded version of Bhuvan/BharatMap/Mobile App.
- xi. As per PMAY (U) guidelines, the State/UT Governments must ensure that the houses constructed under PMAY (U) are allotted in the name of the woman beneficiary or jointly with spouse/husband.
- xii. CSMC is an Apex Committee under Chairmanship of Secretary, MoHUA and therefore, the Principal Secretary/Secretary/Mission Director looking after the PMAY(U) matters in the State/UT Governments should only participate in the CSMC meetings to apprise the progress as well as policy level decisions and interventions being taken at the State/UT Government level for successful implementation of PMAY (U).
- xiii. It has also been brought to the notice that CSMC in its 7th meeting held on 17th March, 2016 delegated certain functions and financial powers to JS &MD (HFA) with due approval of IFD for incurring budgetary allocation under HFA/PMAY (U) towards office expenses and Other Administrative Expenses under Establishment head for meeting operational requirement of the Mission Directorate. The administration division was then under MoHUPA. The same power of JS&MD (HFA) may be continued in MoHUA.**
- xiv. **The next CSMC will be held in March, 2020 preferably by 2nd week. By that time, all the revision proposals, curtailment, data cleaning, beneficiary modification etc. need to be sorted out for better implementation of the approved projects.**

3. Thereafter, Joint Secretary and Mission Director (HFA) introduced the agenda for the meeting. The agenda items also form part of the minutes. The item-wise minutes are recorded as follows:

14	Proposal for consideration for Modification in Annexure 3 for Third Party Quality Monitoring Report of BLC projects under Reference Guide for Third Party Quality Monitoring under PMAY (U) (Agenda 14)
-----------	--

Effective monitoring of ongoing project(s) is a key to successful completion of any project with monitoring of quality being most significant aspect. Accordingly, as per PMAY-U guidelines, a State level mechanism for Third Party Quality Monitoring of projects sanctioned under PMAY(U) is required to be evolved with the following objectives:

- Review and monitoring of quality of all PMAY-U Mission projects implemented by ULBs/Implementing agencies through Third Party Quality Monitoring Agency (TPQMA) to be appointed by the concerned States/UTs.
- Provide a structured report on the quality of projects under PMAY-U Mission.

The purpose of TPQMA visits is to check the quality and progress of construction especially at critical stages of construction and timely preventive and curative measures in case of any lacuna or deficiency observed. It is, therefore, essential to plan the visits of TPQMA objectively and to take proper preventive/remedial action in time, if required any.

The type of construction under ISSR/AHP and BLC verticals are different. While apartments are constructed by construction agencies under AHP and ISSR verticals, under BLC individual, often isolated houses are constructed by beneficiaries themselves. The model plan and design of houses are generally provided by SLNA. Therefore, requirement of Quality monitoring by TPQMA for BLC is also different than houses constructed under AHP/ISSR verticals.

Some of the States have expressed difficulty in reporting as per the existing Form given in the TPQMA Guidelines for BLC projects. The Ministry has reviewed the existing Reporting Form for BLC projects. The Part B of the Annexure 3 of Third Party Quality Monitoring Report

in respect of BLC project in the Guideline **has been revised** with more rational and practical approach.

B. CSMC Observations:

The quality aspects of construction of houses under PMAY (U) need to be given proper importance and every construction stage should be monitored for maintaining quality of construction. Further, in view of the provisions of the para 14.6 of the PMAY (U) guidelines, the HFA Directorate may also get quality checked in selected projects through technical agencies like HUDCO and BMTPC under the direction of JS & Mission Director (HFA).

B. CSMC Decision:

In view of the above, the CSMC approved

- i. Revised proforma **given at Annexure XII** for TPQMA Report for BLC projects.
- ii. The HFA Directorate may also get quality checked in selected projects through technical agencies like HUDCO and BMTPC under the direction of JS & Mission Director (HFA). Reports of such quality check may be examined/analysed in the Ministry for advising the State(s)/UTs for necessary corrective measures and the same may also be brought to the notice of CSMC for ratification/information.

19	GENERAL OBSERVATIONS
-----------	-----------------------------

- i. States/UTs should ensure that the **PMAY (U) logo** is displayed in front of all housing units constructed under funding support of the Government of India. However, State/UTs should not display any such information which may amount to violation of Model Code of Conduct (MCC) as per instruction issued by the Election Commission of India/State Election Commissions from time to time.
- ii. State Governments may prepare short films, printed literature/documents on projects undertaken under PMAY (U) to showcase how lives of beneficiaries have transformed. It should be widely circulated both in print and electronic media and also in various social media platforms for generating awareness. The State Government should also share with the Ministry high resolution photographs and video testimonials of beneficiaries whose houses have been completed.
- iii. The State/UT Governments should consider ISSR component of PMAY (U) for rehabilitation of slums by using land as a resource which is available with the State/UT/ULBs.
- iv. The Central funds in general and EBR funds in particular released under PMAY(U) Mission should be passed on to the ULBs/Implementing Agencies within the time frame stipulated in the respective sanction orders and registration of all ULBs on PFMS may be ensured by all State/UT Governments. This is a very important matter hence appropriate arrangements and safeguards must be built in. The EBR fund is an interest bearing fund and it is important that the funds so released to the State do not remain parked with SLNA/State Government, but is utilized on fast pace for the purpose it has been released. Any interest earned on the parked fund will be adjusted/ recovered against subsequent instalments in the sanctioned projects under PMAY (U).
- v. With regard to the vacant houses, if any, under JnNURM, the State Governments/UTs should look for realistic, pragmatic options so as to allot these houses to eligible beneficiaries in urban areas without any further delay.
- vi. A robust MIS System being critical for PMAY (U) Mission. States need to constantly monitor the linking of beneficiaries to sanctioned projects in PMAY (U)-MIS. All States/UTs to ensure that the Aadhaar details of beneficiaries with regards to their number and name is accurate while updating in MIS.

- vii. Under PFMS/DBT process, the funds would have to be transferred at every stage only through electronic mode for Beneficiary Led individual house Construction (BLC) under PMAY (U). The bank account details of the beneficiaries should necessarily be mapped so that the funds can flow to the beneficiaries' bank account directly. There should also be 100% Aadhaar linkages of beneficiaries in all AHP, BLC, ISSR and CLSS cases.
- viii. It has come to notice that data on progress of construction of houses reported in PMAY(U)-MIS and those discussed in the CSMC meetings varies many a time. States/UTs must upload online Monthly Progress Reports (MPRs) of all sanctioned projects in PMAY(U)-MIS latest by 10th of every month so that the data are reconciled before every CSMC meeting.
- ix. The States/UTs should submit project proposals for consideration of CSMC by **15th of each month** so that site scrutiny/desk scrutiny in respect of identified DPRs can be done before the CSMC holds meeting.
- x. HFAPoA should have been submitted prior to bringing project proposals for that city. If not, justification for delay should be provided.
- xi. The State/UT Governments may make provision of cistern in toilet, two platforms in kitchen, cemented almirah/slab, storage space in living room, loft, etc. which are basic requirement for a family. Similarly, plantation drive may be organised on completion of construction work especially in AHP and ISSR projects to increase green cover at the locality.
In BLC projects, houses should be constructed little away from the existing road, wherever possible, for better planning and ease of traffic movement. It was reiterated that PMAY (U) addresses the aspiration of human being for a better and dignified life. All out efforts should be made to provide maximum facilities.
- xii. The State/UT Governments may consider G+7 units under AHP and ISSR projects with lift facility as land is a scarce resource. The maintenance cost of the lift can be managed by the Resident Welfare Society once houses are occupied.
- xiii. States/UTs should implement innovative, cost effective and high quality construction technologies for constructing the housing units under PMAY (U) and document the same. The tender documents should preferably be technology neutral and a clause of quality assurance for the potential bidders should be included.
- xiv. Further, the first instalment of Central Assistance in respect of ISSR and AHP projects shall be released on confirmation from the State/UT Government(s) about selection of Developer, issuance of work order and registration of project in RERA. The 2nd instalment of Central Assistance shall however be released only for the Aadhaar seeded beneficiaries entered in PMAY (U)-MIS and Geo-tagging of project by the State/UT Governments in respect of the project(s).
- xv. The third and final instalment of Central Assistance may be considered for release if least 90% of sanctioned houses entered in PMAY(U)-MIS are completed and completion certificates of these houses are submitted in the project(s). Central Assistance for remaining houses will be released on confirmation by the State that they are completed in all respects. Detailed advisory will be issued separately.
- xvi. State Level Appraisal Committee is expected to thoroughly appraise the DPRs before submitting the same to State Level Sanctioning & Monitoring Committee for approval. Combining SLAC and SLSMC meeting is not permissible as the mandate of the two bodies is distinct.
- xvii. Allotment of houses in AHP and ISSR vertical of PMAY (U) should be Aadhaar enabled, provision for which has already been made in PMAY (U)-MIS.

- xviii. State/UT Governments are advised to ensure that:
- a. Adequate infrastructure is provided including individual water, sanitation and electricity connections.
 - b. There should be no duplication/change in the identified beneficiaries
 - c. Demarcation of land and mutation is carried out before implementation
 - d. The design and construction of houses is disaster resilient and the specifications conform to IS/ NBC norms.
- xix. It has come to notice that some individual/organizations are collecting registration money etc. from potential beneficiaries seeking dwelling units in PMAY (U) fraudulently. The Ministry of Housing and Urban Affairs has not authorized any individual/organization/agency to collect application/registration fee for applying for houses in PMAY (U). Thus, no individual/agency/organization can collect any money/application fee from the beneficiary for enrolment under PMAY (U). All State/UT Governments may also issue disclaimer to this effect in their relevant websites/advertisements etc. to stop this kind of fraudulent activity.
- xx. The Ministry has launched a PMAY (U) Mobile App to enable beneficiaries to upload their photos with their house and a video clip where beneficiaries share experience of owning a house under PMAY (U) as testimonials. The App can be downloaded from Google Play Store. The State/UTs may inform their beneficiaries to upload the same using this Mobile App.

The meeting ended with a vote of thanks to the Chair.
