GOVERNMENT OF INDIA
MINISTRY OF URBAN DEVELOPMENT
NIRMAN BHAWAN

नई दिल्ली-110011, तारीख 20
New Delhi-110011, Dated the 20

D.O. No. PB/SBM/34/2016

Dated 7th Dec, 2016

Respected Sir,

As you are aware, Ministry of Urban Development is implementing Swachh Bharat Mission (SBM) Urban with a goal to make the country clean and open defecation free by 2nd October, 2019. One of the important components of SBM is capacity building of all city-level and state-level officials and other staff working for the Mission.

2. To effect substantial improvements in the programme for implementing all components of the mission, it is necessary to build the capacities of all relevant stakeholders, including Municipal Commissioners, Municipal Engineers, Health Officers, and Sanitary Inspectors etc. through exposure to new concepts and technologies in the field of sanitation and waste management.

3. MoUD is playing a facilitating role in identifying the best practices carried out in selected municipal corporations, and ensuring that officials from other municipal corporations should undertake exposure visits to these selected ULBs, to have a first-hand exposure about these best practices for replicating them in their respective cities. This will ensure peer to peer learning, sharing of best practices among officials from different regions of the country and ensuring effective implementation of various components of Swachh Bharat Mission.

4. We have successfully conducted 15 such exposure workshops covering the various components of the Mission. The training calendar for the next quarter is enclosed for your kind reference. (**Annexure – I**).

5. **The city of Coimbatore has done commendable work in the field of engaging Social Entrepreneurs in Door to Door Collection of Municipal Solid Waste (MSW) in Coimbatore City Municipal Corporation (CCMC) Wards. You are therefore, requested to conduct a capacity building exposure workshop (which includes classroom learning, demonstration, site visits etc.) on this initiative taken by your municipal corporation, on March 24th, 2017.** This will also provide an opportunity to the city to project their best practices at the National Level, for the officials of other municipal corporations to learn and replicate the work done. I would also request you to send your officials to the other cities for their capacity building as per the details mentioned in the calendar.

6. Ministry of Urban development has already worked out the unit rates for various components for conducting these capacity building program which is also enclosed along with this letter. (**Annexure – II**).

7. Your leadership and support is very crucial for successful implementation of this program and **hence I request you to nominate a nodal person from your organisation who will be responsible for conducting this exposure workshop.** Ideally this program should be of not more than three days. You are requested to design this program at your city level and invite the participants as mentioned in the training calendar enclosed along with this letter.

8. As this will be a peer to peer learning program in which all stakeholders are getting benefit, the cost of conducting the training program will be borne by the coordinating city, which can be met from the capacity building funds sanctioned under SBM. The boarding and lodging of the participating cities can be met from their respective capacity building funds.

I look forward to your cooperation in making this program a success.

With regards,

Yours sincerely,

(Saurabh Jain)

Dr. K Vijay Karthikeyan, IAS
Municipal Commissioner,
Coimbatore.
